June 8-9, 2018
Indianapolis, IN
12 CEU's

JFJ REFRESHER COURSE

Understanding and Connecting the Past, Present and Future Approaches to Prosthodontic Treatment

June 8 - 9, 2018

This society is a professional organization formed to promulgate the high ideals of Dr. John F Johnston in learning, teaching and practicing of fixed and removable partial prosthodontics. Dr. Johnston was a very kind man and with the ability to lead in the field of Fixed and Removable Prosthodontics. With his vision, he established the training program that attracted dentists globally. It was an honor to be accepted into his program. Many of the alums turned out to be leaders of their institution, department chairs, deans and presidents of organized dentistry. The IUSD program has made a profound impact in dentistry locally and globally.

Dr. Johnston dedicated his life to prosthodontic education. His very generous donation has established the John F. Johnston Scholarship awards to many residents in the past several years.

This course will cover a multitude of topics including optimizing complete denture impression techniques, intraoral scanning, the use of CBCT in endodontics, surgical complications and solutions to common problems in implant dentistry, digital imaging for maxillofacial prosthetics, material sciences in ceramics and implantable bio-mechanistic concerns.

LOCATION

Indiana University School of Dentistry
1121 W. Michigan St., Indianapolis, IN 46202

A block of rooms has been reserved at the JW Marriott. To make a reservation, call 317-822-8554. The name is IU Dentistry Room Block, Ref # M-BFTWQNP. The rate is \$189 / day + taxes and fees.
