

INNOVATIONS IN LASER DENTISTRY: NOW IS THE TIME

*Improve Your Practice by Performing Minimally Invasive,
Patient-Friendly Procedures*

Wednesday, Mar27, 2019 • 6:00pm to 9:00pm

Beverly Hills Marriott
1150 South Beverly Drive, Beverly Hills, CA 90035

Attend this **FREE evening seminar** to hear from an experienced Waterlase dentist and learn how adopting simple and effective all-tissue laser technology can transform your patients' experience and practice ROI.

Lecture Highlights:

- ✦ Learn about the latest innovations in laser technology and the benefits to your practice.
- ✦ Understand key concepts in laser dentistry and their applications in oral health.
- ✦ Review case studies demonstrating the applications of laser dentistry in fields such as general dentistry, pediatrics, periodontics, implantology, and endodontics.
- ✦ Learn proven patient marketing strategies that attract new patients and grow revenue with existing patients.
- ✦ Discuss how to effectively document and bill for procedures achieved with the use of lasers.
- ✦ Interact with peers who have successfully grown their practice and ROI with laser dentistry.

Limited Seats Available!

Register today for this **FREE** evening seminar at events.wcli.org under the Seminars tab. Dinner will be provided.
